## SUMMARY

---

Motivated in Data Analytics, graduated as a Civil Engineer. Having a strong interest in data modeling and business intelligence. Looking to join a dynamic analytics team where I can apply my skills in SQL, DAX, and ETL, learn advanced data tools, and contribute to data-driven decision-making from day one.

## EXPERIENCE

---

### Business Analyst Intern — Unified Mentor

Gained hands-on experience in key data analyst skills during the internship, including data collection, cleaning, visualization, and reporting. Strengthened proficiency in tools like Power BI, Excel, and SQL while learning to automate data workflows and deliver actionable insights for decision-making.

## PROJECTS

---

### HR Analytics Dashboard — Power BI, Power Query

Developed an interactive HR Analytics dashboard in Power BI to analyze employee performance, engagement, and attrition trends. Cleaned and transformed data using Power Query and DAX to create KPIs and uncover key attrition and workforce insights.

### Chocolate Sales Report — Power BI, DAX, Data Modeling

Designed a comprehensive Power BI dashboard to analyze global chocolate sales, profit margins, and delivery performance. Applied advanced DAX, time intelligence, and row-level security (RLS) to uncover key business insights and improve data-driven decision-making.

### Blinkit Sales Analysis Dashboard — Excel(Intermediate), Vlookup, Power pivot

Created an Excel-based interactive dashboard using Pivot Tables and advanced formulas. Visualized sales KPIs and category trends to support data-driven decisions.

## EDUCATION

---

2019 - 2025 Integrated Bachelor's Degree at **IIIT Nuzvid** (GPA: 8.0)  
2019 Class 10th SSC **ZPHS Panguluru** (GPA: 10.0)

## SKILLS

---

**Business Tools:** Power BI, Tableau, Excel (Pivot Tables, Data Cleaning)  
**Programming Languages:** Python (Pandas, NumPy, Matplotlib), SQL  
**Databases:** MySQL, Data Warehousing (exposure)  
**Business Analysis:** ETL, KPI Tracking, Predictive Modeling, Process Automation

## CERTIFICATIONS

---

AICTE Data Analyst Internship  
Analyzing and Visualizing Data with Power BI – edX  
Learning SQL Programming  
Python Certificate – Kaggle
